JMM*

1. JGO attended the Senate Civil Service Subcommittee hearing on bills to increase the number of supergrade positions at which Chairman Robert Hampton, CSC, testified. The Subcommittee Chairman Randolph requested Hampton to provide a breakdown of all supergrade positions in the Executive Branch, both scientific and administrative schedules covering all agencies including those not within the competitive service such as Foreign Service and Veterans Administration. JGO says this means CIA.
2. JGO thought that we might want to mention this to Colonel White.
